

Sunday morn, at T. P's.

Dear Miss Weston,

In the first place  
I thank you very warmly,  
for the Liberty bell; then  
I wish to request you, or  
one of your sisters, to take  
care of my little box, that  
I use for a sewing box dur-  
ing the Fairs. I left it, acci-  
dentally, on my table or near  
there. I will thank you if you  
will say to Deborah, that I took  
those two bell pulls that we  
were talking about the other  
day, & if one of them will cover  
<sup>41</sup> my pair of crickets, will keep

it & pay for it when I see her  
again, but if it is not  
enough, I shall return  
both of them to her as it  
would not be worth the while  
to destroy the second, for the  
purpose for which it is design-  
ed. I wished to speak to her  
about it last evening,  
but could not get time.

If you write to Mrs. Dennet  
or whoever she is in Portland,  
as she requested, please to  
say to her, that the cases of  
pressed beef sold for 75 cts.  
a case, taken by the friends  
in the City. If she sends at  
any time more, it is desira

ble to send the Cost then  
we know better what to  
charge.

yours in haste

E. A. S. Smith.
